With over 200 years of experience in the industry you can trust miko to offer you the perfect blend, combined with the finest espresso, filter and bulk brew equipment

faema Stylema

The Stylema is a semi-automatic espresso machine that combines rare beauty with workmanlike substance to produce the highest quality cups and mugs of coffee.

Designed with the Italian flair that Faema is famous for, this piece of sophisticated and elegant machinery is practical for high volume café usage with the tall cup kit catering for the tallest of mugs.

The patented adjustable thermal balancing system allows you to set up your coffee to the ideal temperature and produce consistently outstanding coffee based drinks from the morning rush hour to the close of play.
